Reed Exhibitions statement on the COVID-19 virus:
Information for our Customers

Norwalk, CT – March 10, 2020: Reed Exhibitions is actively and continuously monitoring the COVID-19 virus outbreak in line with local, state and federal authorities and public health advice, including that of the U.S. Centers for Disease Control and Prevention (CDC) and the World Health Organization (WHO). Our policies reflect the travel restrictions and guidelines of the United States government.

Please check the event website for up to date information about an event. With regard to the COVID-19 virus, our position remains unchanged: the health and safety of our exhibitors, visitors and staff is our number one priority. Currently, no federal restrictions are in place to prevent conferences, conventions, trade shows, exhibitions and travel within the United States.

With the situation evolving rapidly, we strongly urge our exhibitors and visitors to refer to the guidelines and protocols as suggested by the CDC [https://www.cdc.gov/coronavirus/2019-ncov/about/index.html] and local /state public health authorities regarding the virus.

If you have any concerns that you may get caught up in an inbound or outbound quarantine, or are feeling unwell, you may want to reconsider your attendance at the event.

We are following local, state and federal public health advice closely. We have also contacted our venue partners and are coordinating closely with them to ensure that they are acting in accordance with the advice of public health authorities and that information is available to our customers about the precautions being taken by the venue related to the COVID-19 virus. Statements/information from the venue(s) will be added to our event websites as they become available. In the United States, we have strengthened hygiene, sanitation and the availability of disinfectants at our events and we are ensuring that we have appropriate medical support and protocols in place based on guidance from local and state public health authorities.

Customers who wish to participate in our events and who are not impacted by travel restrictions are free to do so. Travel advice and entry guidelines varies from country to country. Our event attendees are encouraged to check the latest travel advice and entry guidelines for their home country and the United States before making arrangements. The United States has imposed travel restrictions to and from several countries.

We are monitoring COVID-19 developments very closely and will follow up with customers as the situation develops. If you have any specific event questions, please refer to the event website and contact your customer service team. It you would like information about the industry response to the COVID-19 virus, please refer to the SISO website.

MORE INFORMATION:

The CDC’s standard recommendations for the general public to help prevent the spread of respiratory diseases like COVID-19 are as follows, which include hand and respiratory hygiene:

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Wash your hands often with soap and water for at least 20 seconds. Use an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water are not available.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.
